

Rolls-Royce Motor Cars  
The Cullinan Accessory Collection

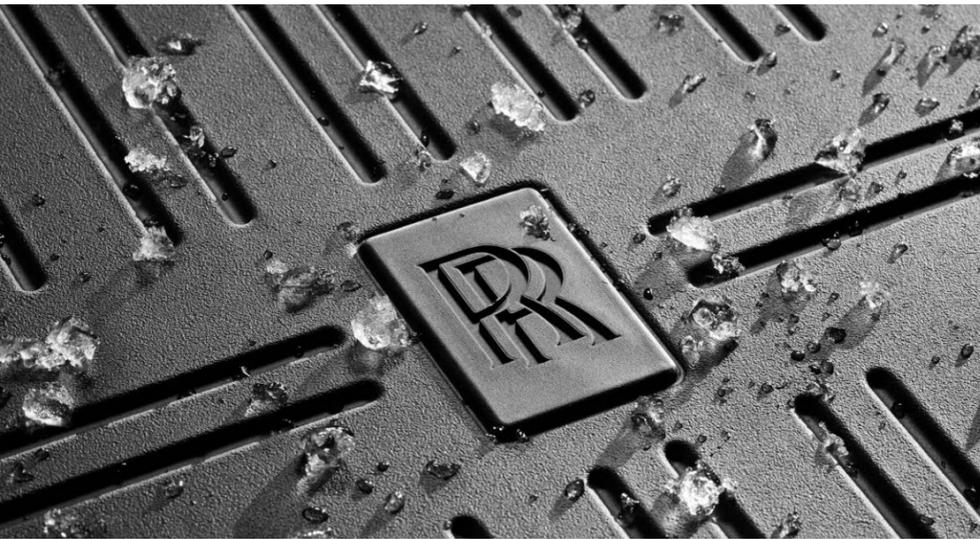

CULLINAN

ONE LIFE. MANY LIFESTYLES

Elevate your Cullinan experience with this outstanding collection of Rolls-Royce accessories. Representing the culmination of daring vision and innovative engineering, each piece is created to enhance every venture and stands as a testament to Rolls-Royce craftsmanship.

# EMBRACE THE EXTREME

## All-Weather Floor Mats

No matter the climate, preserve the luxurious interior of your Cullinan. Sculpted with raised edges in a robust rubber, these mats have been engineered to capture dirt, water and snow. To meet your needs, the front and rear pairs can be purchased separately.

## Winter Tyres

Take on even the most challenging terrains, with 21-inch winter wheels and tyres, designed narrower, with a higher sidewall for optimum performance. They offer up to 20% better road grip in temperatures below 7°C / 44°F, greater traction on ice and snow, and reduce the risk of aquaplaning on wet roads.

## Snow Chains

Designed to overcome ice and deep powder, Rolls-Royce snow chains will give your Cullinan an improved braking distance, along with greater traction and driving stability.

Exemplifying effortlessness, everywhere, these snow chains can be easily fitted and removed, and are stowed in a bespoke storage bag.

# PRESERVING LUXURY

## Outdoor Car Cover

Both breathable and waterproof, this cover preserves the finesse of your all-terrain SUV. Made from high-quality heat-reflective material, it reduces interior temperatures and protects from sun damage and exterior dust. Subtly detailed with the Rolls-Royce monogram, it comes in a coordinating storage bag.

### Car Care Kit

Presented in a luxury Rolls-Royce monogrammed carry bag, this kit contains Swissol car care products carefully selected to ensure the ultimate protection for Cullinan, both inside and out.

### Tyre Cradles

Prevent flat tyre spots from forming during extended periods of storage. Designed to enable easy mounting and positioning of Cullinan, Rolls-Royce Tyre Cradles are made from unique long-lasting materials, and are embossed with the Rolls-Royce monogram.

### Battery Conditioner

Ensure the battery in your Cullinan remains at its optimum charge level when not in use. A magnetic coupling enables an effortless connection to the charge point and an LED display provides a relay of the batteries' charge whilst connected.

# PERSONALISATION

## Personalised Headrests

Display your individual style and enhance your headrests with elegantly embroidered lettering. Choose a complementary thread or a contrasting colour for up to seven characters of text, with the option of three available fonts.

## Personalised Treadplates

Create an inviting welcome with bespoke treadplates, which work in harmony with the interior styling of your Cullinan. For a personal touch, add your own discreetly engraved message or insignia.

### Limited Edition High-End Headphones

Constructed from aluminium and Saffiano brown leather for a lightweight feel, these headphones are connected to your vehicle or device via a cable, further enhancing sound quality and ensuring no interference is received during use. In a limited run of only 200, each comes with a premium monogrammed storage case – the ideal addition to any Rolls-Royce collection.

## LISTEN IN STYLE

### Digital Wireless Headphones

Engineered to work in perfect harmony with Cullinan's rear entertainment system, these headphones offer superb sound quality and comfort. The volume and channel setting controls have been built into the headphones for ease and each set includes an embroidered hard case for protection when not in use.

### Embroidered Cushion

Adorn the interior of your Cullinan with soft, duck feather cushions trimmed in the finest leather. Available in a range of colours with optional personalisation, Rolls-Royce Embroidered Cushions can be tailored to your requirements.

# EXTENDED LUXURY

Rolls-Royce Luggage. Inspired by Wraith

Originally designed to sit inside the luggage compartment of Wraith, this luggage set translates perfectly to Cullinan and exemplifies one life, many lifestyles. Each piece has been beautifully crafted by the Design Studio at Goodwood and is available individually or as a collection.

Grand Tourer

#### Cullinan All-Weather Luggage Compartment Mat

Stow your belongings while protecting the condition of your luggage compartment interior. The rubberised, non-slip mat has been tailored for a perfect fit and can easily be removed for cleaning.

#### Cullinan Luggage Compartment Net

Protect your belongings on any adventure. This durable net is attached to the base of your luggage compartment via discreet clips and can be effortlessly detached when loading and unloading items. When not in use, the net sits discreetly on the base of your luggage compartment.

The image shows the interior of a car's recreation module, which is a storage compartment. It features a dark grey or black interior with a grid storage system. The grid is made of dark material with lighter-colored lines forming a grid pattern. There are several utility bags or compartments within the grid. One bag on the left has a quilted pattern and the 'ROLLS-ROYCE' logo. Another bag on the right is plain with two small circular details. The module is flanked by two side panels, each with a vertical handle and a small control panel. The car's exterior is a dark blue color, and the rear door is open, showing the module's location. The overall design is sleek and functional.

### Cullinan Recreation Module Utility Bags

Utilise the 48 litres of storage within Cullinan's recreation module with practical, robust and hard wearing bags designed to perfectly fit the space.

These six pieces, designed for the utmost simplicity and ease of use, will accommodate your choice of item. They ideally suit the recreation module's internal grid storage system, which allows for the easy and organised storage of loose items as well as a foldaway picnic blanket.

## ROLLS-ROYCE MODEL CAR

Displaying an unparalleled level of detail, this iconic 1:8 scale model is not only a faithful reproduction of a full-size Cullinan, but a beautiful work of art in its own right. Each model has been hand-assembled from over 1,200 individually crafted components to meet the highest possible standards.

From the engine compartment to the tread of the tyres, each motor car is a true expression of effortless, timeless luxury in extraordinary miniature. This includes fully functioning exterior and interior lights, opening and closing coach doors, luggage compartment and opulently finished interior.
