"All I'm saying is, when you're in an Explorer, going
downtown for Italian seems a little tame," objected

Tom. It looked as though the dining plans for the two
couples were about to change. "Okay," said Bill, "how

about we **take that dirt road
up to the lodge** and have dinner

at the restaurant there? And besides, the view's great."

The others nodded their approval, but Tom was still a
little curious, "What kind of restaurant is it, anyway?"

Bill cracked a faint smile and said, "Northern Italian."

Explorer Limited shown in Spruce Green Clearcoat Metallic.

Explorer Limited

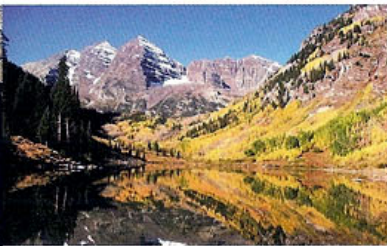

Explorer Limited shown in Spruce Green Clearcoat Metallic.

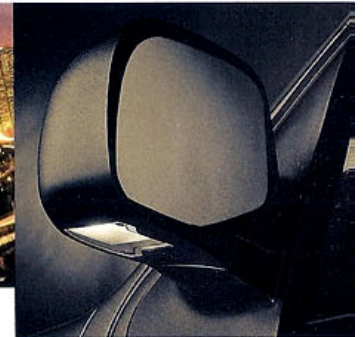

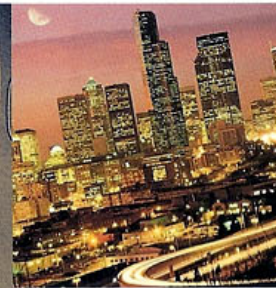

The Explorer Limited provides **incomparable luxury** and style with features such as the rich woodgrain trim, color-keyed grille, surround moldings and front and rear bumpers which create a monotone appearance. The **heated front seats**, designed with premium leather trim and front power lumbar support, are available on the Limited. **Technological advances** such as the MACH[®] Audio System, heated mirrors with puddle lamps, and electronic automatic temperature control also add to the comfort and luxury of the Limited.

Electrochromic rearview mirror detects high/low beams and adjusts automatically for excellent visibility.

Exclusive to the Limited is the rich woodgrain trim interior which adds a sophisticated touch.

Heated mirrors with puddle lamps help clear ice and snow and provide excellent visibility.

Explorer Eddie Bauer shown in Medium Wedgewood Blue Clearcoat Metallic.

Explorer Eddie Bauer

Explorer Eddie Bauer shown in Medium Wedgewood Blue Clearcoat Metallic.

The Explorer Eddie Bauer offers all the **freedom and adventure** that you've come to expect from Ford and Eddie Bauer.

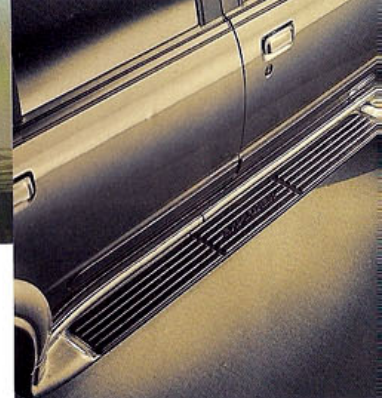

And just like its namesake, the Explorer Eddie Bauer is at home in the country or in the city with its **rugged durability and sleek styling**. And, this year, Ford is proud to announce that all Explorers will be classified as **Low Emissions Vehicles (LEVs)**, emitting 40% lower smog forming emissions than before. In fact Explorer is cleaner than most passenger cars on the road today, because taking care of **OUR environment** is important to everyone.

to premium console, equipped with message center, monitors 30 vehicle activities, including minders for your next oil change.

MACH® Audio System with Premium AM/FM stereo/cassette/single CD can be easily accessed by auxiliary controls located on the steering wheel.

Standard illuminated running boards help provide excellent visibility and easy access to vehicle.

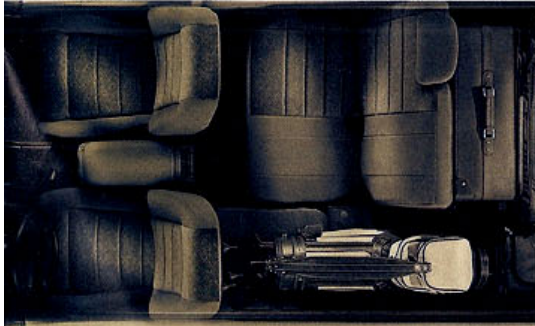

Explorer XLT shown in Black Clearcoat

Explorer XLT

Explorer XLT shown in the available two-tone Toreador Red and Platinum Clearcoat Metallic.

The Explorer XLT offers function, **practicality and value** without sacrificing any of the quality and comfort you've come to expect from the Explorer nameplate. **Standard features** include remote keyless entry, cloth sport bucket seats with six-way power driver's seat, leather-wrapped steering wheel and the SecuriLock™ passive anti-theft system. Other features, such as the 60/40 split/fold rear seat, allow you to **carry cargo or passengers with ease** according to your needs.

60/40 split/fold rear seat provides versatility in transporting cargo and passengers.

Interior cloth sport bucket seats offer stylish comfort.

Liftgate with flip glass allows you the convenience of opening the liftgate or simply the glass.

Explorer XLS shown in Harvest Gold Clearcoat Metallic

Explorer XLS

Explorer XLS shown in Harvest Gold Clearcoat Metallic.

The four-door XLS is an all-new model for 1999. Its design offers unique styling with comfort and convenience, while its many standard features, including 4-wheel ABS, luggage rack, power windows, power door locks and electric mirrors, make it an exceptional value. The Explorer XLS combines comfort with sportiness, making it the perfect vehicle for on- and off-road adventure.

Center console with removable storage bag allows you to store and access needed items easily.

Side step bars add a sleek styling touch.

Chrome steel wheels are unique to the XLS and add to the sporty appearance.

Explorer Sport shown in Bright Red Clearcoat.

Explorer Sport

Explorer Sport shown with available Premium Sport Group in Black Clearcoat.

The Explorer 2-door Sport is what driving is all about, embodying the spirit of off-road adventure. Driving enthusiasts can enjoy its aggressive styling and sporty details such as the available 4.0L V6 SOHC engine with its 210 horsepower, Control-Trac system, cast aluminum wheels and all-terrain tires. The Explorer Sport can also be customized with a choice of up to three option groups, the Convenience, Comfort, or Premium Sport Group.

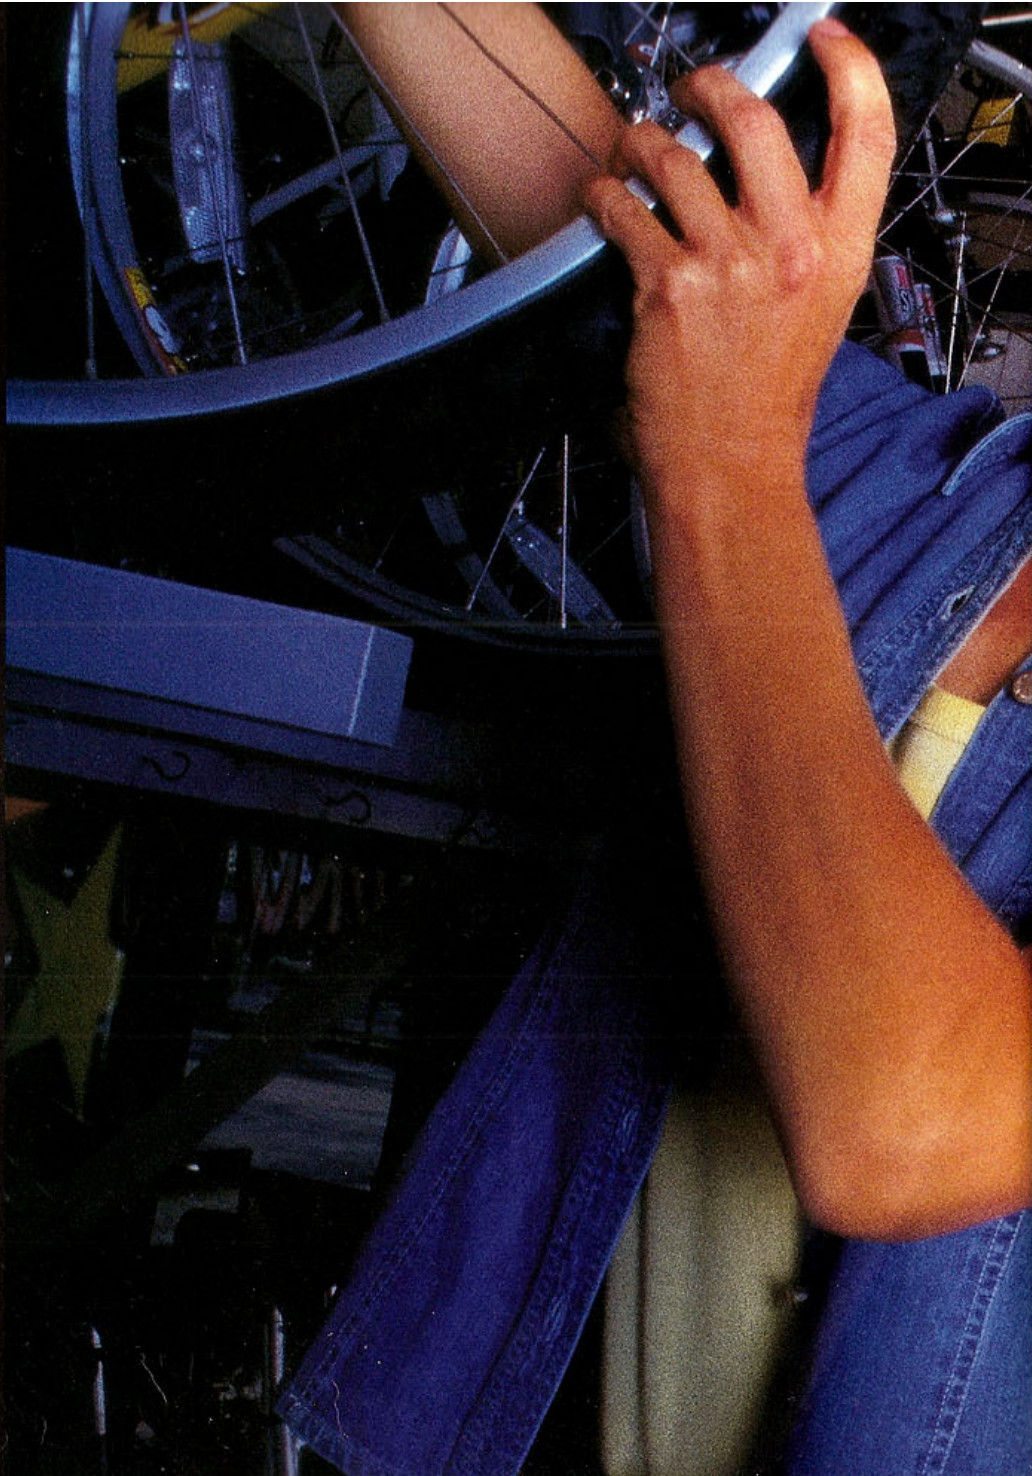

Available Premium AM/FM/stereo/cassette/single CD Premium Sound (80 watts) with the Personal Audio System allows front and rear seat passengers to listen to different types of media simultaneously with the rear seat audio controls.

Available fog lamps help improve visibility in bad weather conditions.

Available power moonroof with the one-touch-open feature can be tilted up or opened completely.

Denise and Sally love to go shopping. But there are no perfume counters or designer gowns for these ladies today. They're headed straight for the mountain bikes and that 24-speed beauty they've had their eyes on for weeks now. Of course it's **just gone on sale**, but that doesn't keep them from making the salesman give them a little better deal.

"We are buying two bikes, not one." Loading them on the Explorer Sport, they start laughing, because in their own words, all this shopping has made them "absolutely ravenous."

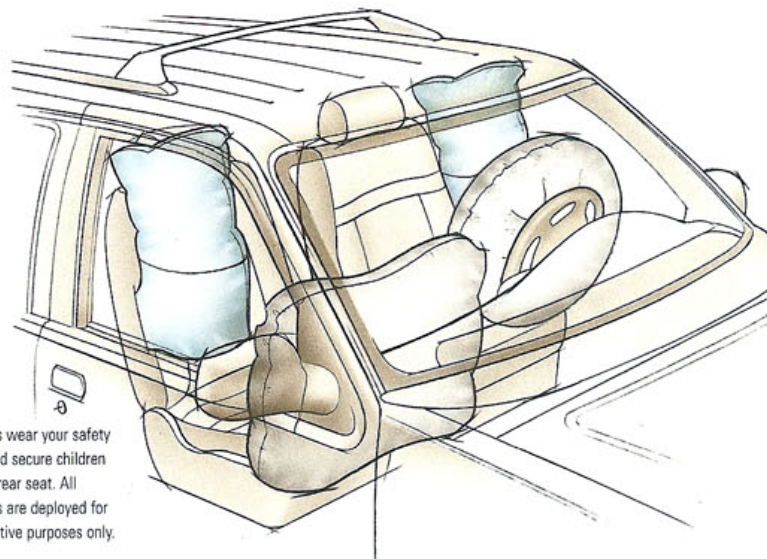

safety & convenience

The Explorer is the rare vehicle that is comfortable in the city or in the country. Its unique styling and many convenience options make it the perfect mode of transportation for those urban settings, while its powerful drivetrain helps make it ideal for even the most rugged terrain. Like all Ford vehicles, Explorer has been designed to protect its occupants and to provide years of dependable service to its owners. In fact there are more Explorers on the road today than any other sport utility vehicle.

– Source: R.L. Polk National Vehicle Population as of 7/1/97

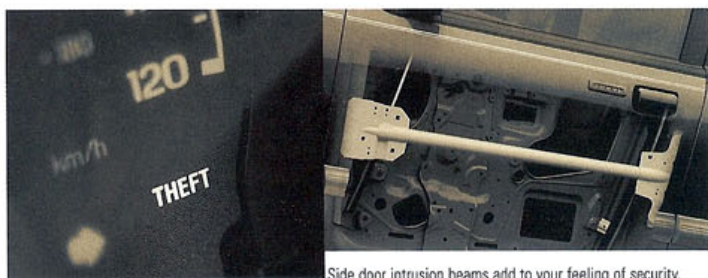

safety and security

Always wear your safety belt and secure children in the rear seat. All airbags are deployed for illustrative purposes only.

The Explorer is Built Ford Tough with its solid side door intrusion beams and rigid construction which also provides added protection. New available front seat side airbags and standard Second Generation Depowered front airbags deploy with less force to further enhance occupant safety. Other safety and security features include the SecuriLock™ passive anti-theft system, Remote Keyless Entry system and 4-wheel anti-lock brakes.

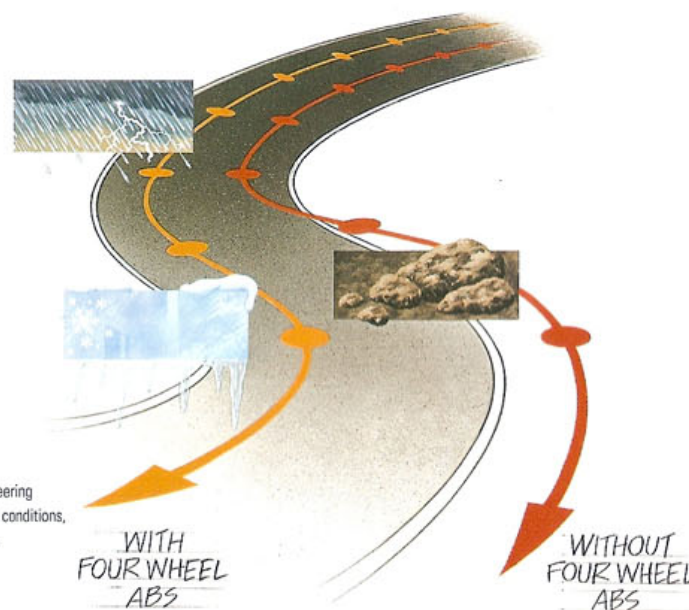

Side door intrusion beams add to your feeling of security.

SecuriLock™ is a passive anti-theft system which protects your vehicle electronically against theft and comes standard. Vehicle will not start without your specially coded key, and activation is indicated by a dash light.

Remote keyless entry allows you to lock or unlock your car via remote transmitter.

Four-wheel ABS helps provide steering control while braking under most conditions, even on wet or slippery surfaces.

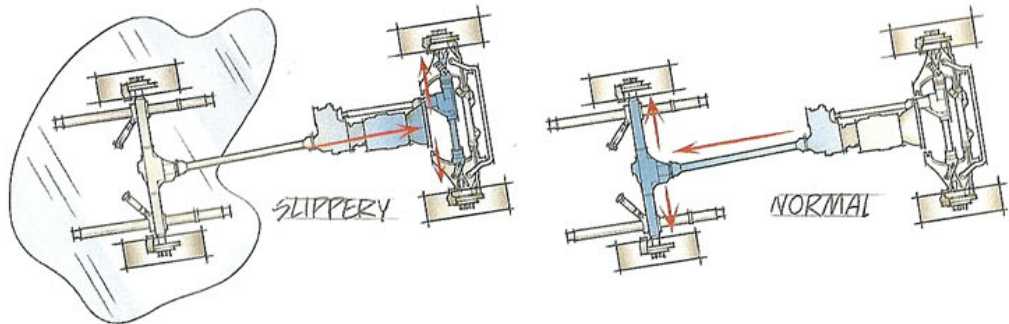

WITH
FOUR WHEEL
ABS

WITHOUT
FOUR WHEEL
ABS

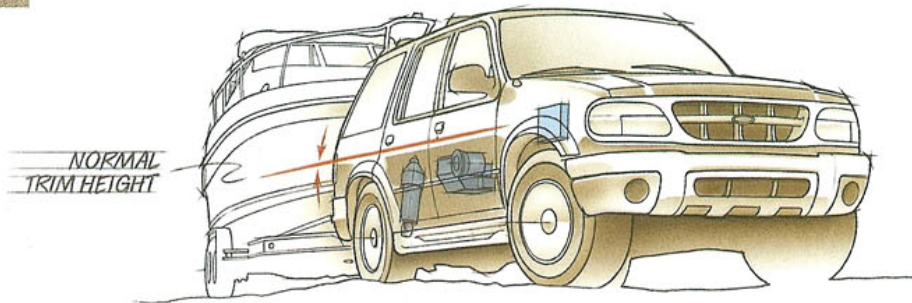

convenience

In adverse driving conditions Control-Trac will distribute torque to the wheels, adjusting for loss of traction.

New Homelink System with Travelnote can operate up to three separate remotes, while the Travelnote feature allows you to record memos to yourself for future playback.

Available rear load-leveling suspension helps to improve ride, handling and trailer towing.

The Explorer provides the utmost in convenience

and comfort to its driver. Features include available 6-way power

driver/passenger seat, Reverse Sensing System and Control-Trac.

When wheel slippage occurs, **Control-Trac**, a driver-controlled

4x4 system, can automatically adjust the torque to give the wheels

better traction. A convenience feature new to the Explorer

this year is the **Reverse Sensing System**, perfect for

parallel parking.

Available new Reverse Sensing System alerts the driver to the presence of certain objects near the rear of the vehicle when backing up slowly during parking maneuvers. Ultrasonic sensors in the bumper detect certain obstacles up to six feet to the rear. Beeping, with increasing frequency, indicates that Explorer is closing in on the object.

Interior

The interior of the Explorer offers **stylish comfort**

and convenience with incredible versatility. The leather-trimmed

and cloth interiors are both made with exceptional quality

materials. And the **roomy interior** has a large cargo

space versatile enough for all your needs. With **available**

features such as the heated front seats and adjustable

six-way power driver/passenger seat to accommodate most any

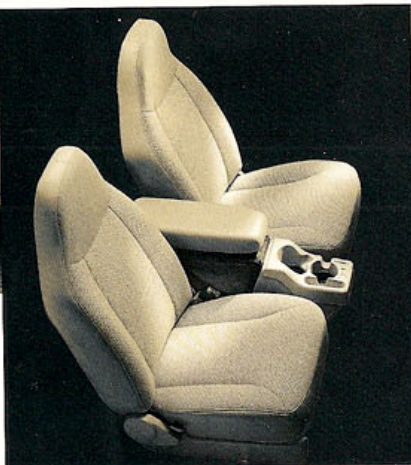

size driver, the Explorer takes **driving comfort** to a new level.

Explorer Limited interior shown in Medium Prairie Tan leather trim.

The floor console has controls for the fan blower system as well as handy cupholders.

Uniquely styled cloth captain's chairs, available on the XLS, are newly designed and offer superb comfort.

Available 6-disc CD changer provides premium sound.

Available leather-wrapped tilt wheel is adjustable for maximum driver comfort while the auxiliary audio/climate control buttons allow for easier accessibility while driving.

The available overhead console includes reading lamps, an electronic compass, and a convenient outside temperature readout.

Dealer Accessories

Class III trailer hitch. The ball mount must be purchased separately.

Heavy-duty cargo liner helps protect the rear area and is attached with Velcro™-like fasteners.

Aero hood deflector helps protect the hood from insects, dirt and other debris.

The ski rack comes with a wide range of capacity (up to six pairs of skis or four snowboards). Padded clamp assemblies help guard against damage.
Ford Accessories by Yakima

Rear air deflector is aerodynamically styled and helps keep the rear window free of dirt while adding a stylish touch.

Molded splash guards provide protection against mud, salt and other debris.

The bike rack and removable roof rack accessories allow you to securely fasten the bike for easier and safer transport.
Ford bike rack by Yakima.

"Tread Lightly" is an educational program designed to increase the awareness of land-use regulations and responsibilities in our wilderness areas. Ford joins the U.S. Forest Service and the Bureau of Land Management in encouraging you to preserve our national forests and other public and private lands by "treading lightly."

Product Changes and Options Availability: Following publication of the catalog, certain changes in standard equipment, options, prices and the like, or product delays, may have occurred which would not be included in these pages. Your Ford Dealer is your best source for up-to-date information. Ford Division reserves the right to change product specifications at any time without incurring obligations. Options shown or described are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

Roadside Assistance: Every new Ford includes the assurance of a 24-hour emergency Roadside Assistance Program provided during the 3-year/36,000-mile bumper-to-bumper warranty. Ask your Ford Dealer for a copy of the limited warranty and complete details on this program which includes such services as fuel delivery, tire change, jump start, or even help when you're locked out of your vehicle.

Race For The Cure: As part of our ongoing commitment to breast cancer research and public awareness, Ford Division is proud to continue its national sponsorship of the Susan G. Komen Foundation's Race For The Cure.
