

A close-up, black and white photograph of the RAM logo on a truck grille. The logo consists of the word "RAM" in large, bold, three-dimensional block letters. The letters are set within a recessed rectangular frame on the grille. The grille itself has a prominent, repeating geometric pattern of interlocking shapes. The lighting is dramatic, highlighting the metallic sheen of the letters and the texture of the grille.

RAM

2022 | RAM 1500 CLASSIC

2022 RAM 1500 CLASSIC

We call it Classic, but it's more like a legend. Ram 1500 Classic delivers uncompromising capability, solid reliability and unexpected details.

Technology fuels in-cabin entertainment and many standard and available Safety and Security features too. Passengers find comfort in spacious and welcoming seating as well as in smooth powertrains and agile handling. For all the details, head over to [ram.com](https://www.ram.com)

WARLOCK IN HYDRO BLUE PEARL

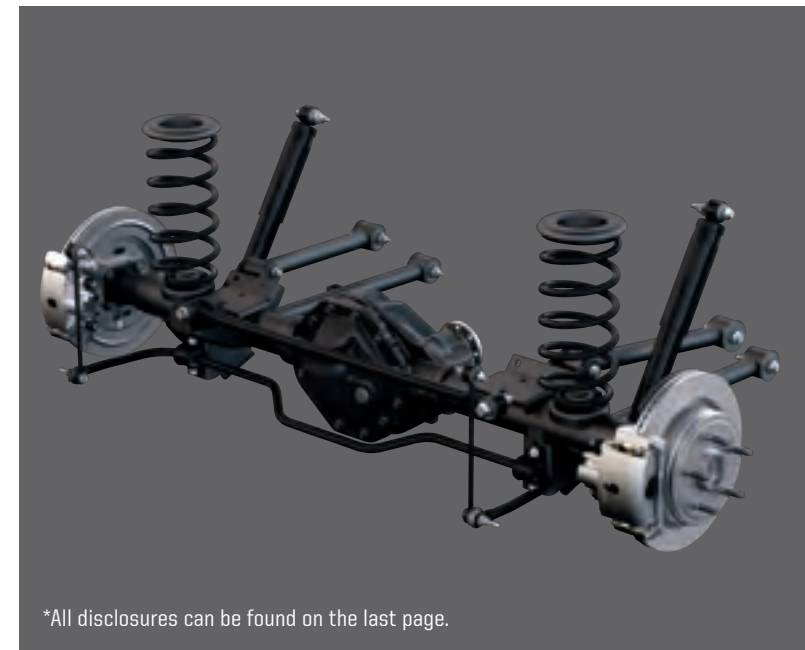

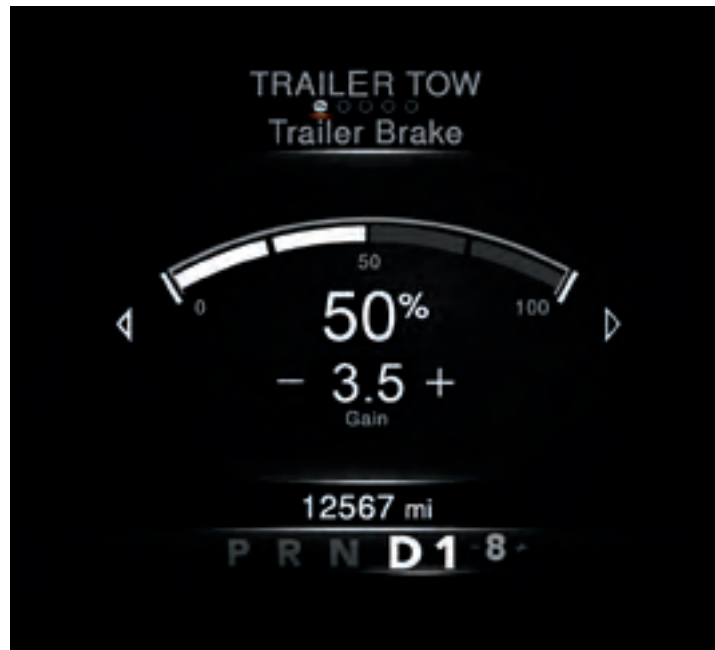

EXPLORE IN STYLE

TRADESMAN® IN DELMONICO RED PEARL

TOW WITH EASE Confident towing starts here. Available, extra-wide trailer-tow mirrors measure in at 7x11 inches and feature a convex spotter mirror for a wider view range. The available Trailer Brake Controller can provide greater stopping power on downhill grades. Based on the load, brake force can be customized. With handy, available Active Grid Lines, the ParkView® Rear Back-Up Camera^{1*} makes backing up to a trailer hitch easy. Ram 1500 Classic maintains its own unique engineering, employing the long-proven, innovative link coil rear suspension.

*All disclosures can be found on the last page.

395 HP | 410 LB-FT

POWERED BY A LEGEND The available 5.7L HEMI V8 engine churns out bold power, while the hemispherical head design yields built-in efficiencies. Other engineering highlights include Variable Valve Timing (VVT) and fuel-conscious Multi-Displacement System (MDS) that transform this mighty V8 into a robust 4-cylinder when less power is needed.

The standard TorqueFlite® 8-speed automatic transmission enables exceptional acceleration in lower gears while optimizing thermal control for impressive efficiency and durability.

10,620-LB MAX TOWING²

HEMI
5.7 LITER

305 HP | 269 LB-FT

BUILT FOR EFFICIENCY The 3.6L Pentastar V6 engine features VVT that adjusts intake and exhaust valve timing to enhance combustion and performance, resulting in impressive horsepower and torque numbers. An innovative Thermal Management System helps keep critical internal components operating at ideal temperatures for optimal power, performance and efficiency.

The standard TorqueFlite 8-speed automatic transmission uses smart technology to automatically handle and optimize shift changes for ideal drivability.

7,660-LB MAX TOWING²

3.6L
VVT

CASE

SERIOUS PAYLOAD POWER
With a 1,930-lb max payload,² Ram 1500 Classic is ready to haul materials from the jobsite or take toys to the lakefront.

OUTSIDE-THE-BOX STORAGE SOLUTIONS

The available class-exclusive RamBox® Cargo Management System³ brings functional storage options with weatherproof, lockable, drainable and illuminated bed-side bins while not sacrificing traditional bed space for other essentials—providing real-world convenience and capability.

THE DETAILS MAKE THE DIFFERENCE

CARGO MANAGEMENT Need to keep certain items of cargo separate? The available RamBox® System comes with a standard bed divider/extender.

HARD FOLDING TONNEAU COVER Provides peace of mind and protection for cargo in the bed. Available at mopar.com

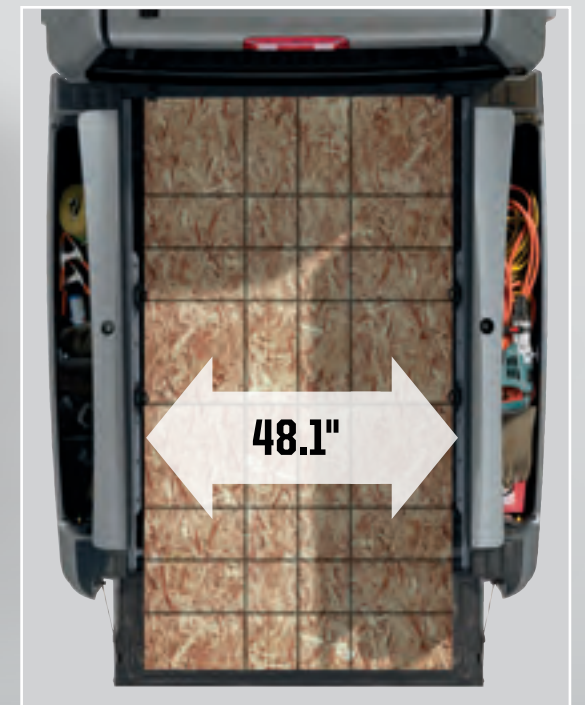

STEEL DEPLOYABLE BED STEP Foot-controlled for use or to tuck it back under the bed. Available at mopar.com

IN-BED LED LIGHTING Controlled by a switch or activated when the unlock button on the key fob is pushed. Available.

SHEETS FIT The available RamBox System enlarges storage, while the bed still accommodates standard 4x8-foot sheets of building materials.

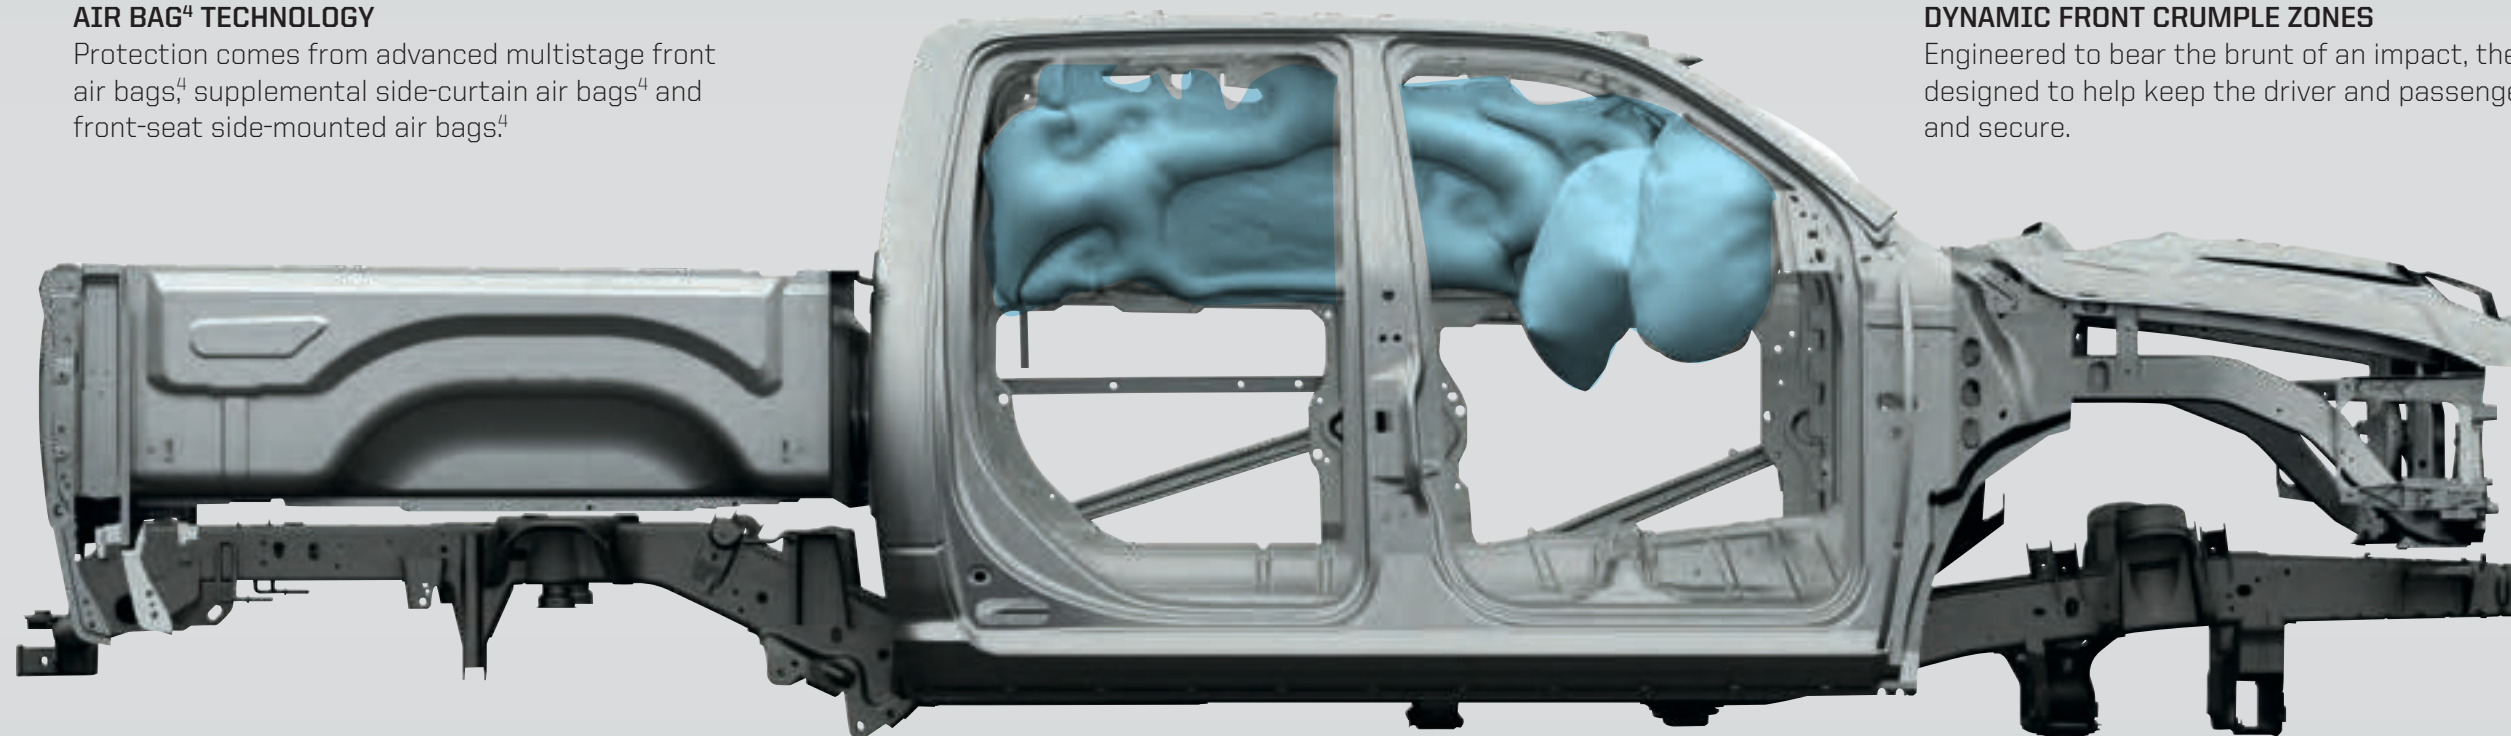

ALL-AROUND DURABILITY

SOLID STEEL BED

Ram 1500 Classic cargo beds are constructed with tough, high-strength steel.

AIR BAG⁴ TECHNOLOGY

Protection comes from advanced multistage front air bags,⁴ supplemental side-curtain air bags⁴ and front-seat side-mounted air bags.⁴

SIDE-IMPACT DOOR BEAMS

They reinforce the protection against side-impact force—helping to protect from every angle.

DYNAMIC FRONT CRUMPLE ZONES

Engineered to bear the brunt of an impact, they're designed to help keep the driver and passengers safe and secure.

LINK COIL REAR SUSPENSION

Long proven over years and miles, our link coil rear suspension is tough and durable—with outstanding ride quality.

TOWING AS IT SHOULD BE

Towing can reach up to 10,620 lb² with the available Class IV hitch receiver that attaches directly to the high-strength steel frame.

ANTISPIN REAR DIFFERENTIAL

This available asset markedly increases traction in wet or snowy conditions.

TUNED SHOCK ABSORBERS

Calibrated for ideal ride balance, these shock absorbers deliver more resistance during upward wheel motion than during downward.

ACTIVE GRILLE SHUTTERS

Bringing invaluable cooling to the engine compartment, these shutters adapt to speed, load and engine needs while also helping reduce aerodynamic drag.

ELECTRIC POWER STEERING

Our speed-proportional assist ensures superb highway road feel and minimal effort when parking.

PROTECTING WHAT MATTERS MOST

STANDARD ELECTRONIC STABILITY CONTROL (ESC)⁵ SYSTEM

- ▶ Help regulate wheelspin with comprehensive **All-Speed Traction Control**. If slippage occurs during acceleration, the electronic throttle control will reduce torque; in extremes (like accelerating from pavement to ice), it will apply the brakes and reduce the engine power to maintain control.
- ▶ Tow with confidence using **Trailer Sway Damping⁶** which detects yaw and applies selective brake pressure on the tow vehicle's opposite side to counteract and reduce the sway.

The Ram 1500 Classic braking system features optimized pedal travel to provide quick power assist. Rear wheel-speed sensors are positioned for protection against road elements. ESC⁵ features multiple assets for braking; it even includes vehicle control when stationary. The most notable components of ESC⁵ are outlined here:

- ▶ Stop securely with the **Antilock Brake System (ABS)**. Monitoring each wheel's speed, the Ram 1500 Classic ABS design also incorporates backup braking should one of the two braking circuits become compromised.
- ▶ Balance the braking. **Electronic Brake-Force Distribution** regulates brake pressure from front to rear to minimize stopping distances.
- ▶ Anticipate potential trouble. **Ready Alert Braking** senses when the driver's foot is lifted from the accelerator; it applies an imperceptible brake force to ensure that pads and discs are lined up should an emergency stop be required.

- ▶ Factor in the weather. **Rain Brake Support** automatically and seamlessly activates when the driver turns on the windshield wipers; all brake calipers gently pulse against their respective rotors to remove water from the pads.

- ▶ Make it home with **Hydraulic Boost Compensation**. Should a failure occur in the vacuum brake booster or any related line, the brake controller will kick in to run the ABS pump. The system will even convey notice of the problem to the driver, and the brakes will perform as normal until the failure is serviced.

- ▶ Stay still with **Hill Start Assist**. When the vehicle is on an incline, this system keeps your Ram Pickup stationary for two seconds after the brakes have been released or until the accelerator is depressed.

AVAILABLE PARKSENSE[®] REAR PARK ASSIST⁷

This invaluable feature uses integrated sensors with ultrasonic waves to detect objects as far as 47 inches away from the rear bumper. Read-outs located in the gauge cluster display team up with audible chimes to notify the driver of proximity to rear objects.

WARLOCK

FEEL THE MAGIC

The name is throwback, the capability is modern-day Ram Brand. With a unique, bold exterior, Warlock signals you're driving something special. Shown with available Warlock All-Terrain Package.

PAYS HOMAGE TO THE ORIGINAL Unique, available decals on the bed sides and hood are a tribute to the 1970s Warlock Pickups. Exterior highlights include a Black grille with bold Ram lettering, 20-inch Semi-Gloss Black aluminum wheels, front and rear powder-coated bumpers, factory suspension lift (4x4 models), Black wheel flares, available LED fog lamps, projector headlamps with dark bezels, LED taillamps, Black badging, available tow hooks, an available Sport Performance Hood and more.

CRAFTED FOR COMFORT AND STYLE

Available Warlock features include a leather-wrapped steering wheel, auto-dimming rearview mirror, overhead console, 7-inch Driver Information Display, a new 4G LTE WiFi Hotspot[®] and more.

Uconnect®

IN TOUCH WHEREVER YOU GO
DRIVEUCONNECT.COM

Uconnect® brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience. Trips are enhanced with informative and entertaining apps. Access them on your Uconnect touchscreen as well as your smartphone. Listen to your favorite playlist from your connected device, then flip to SiriusXM® Radio⁹ and enjoy the best commercial-free music, plus every major sport and the biggest names in entertainment, news and comedy. You'll get over 150 channels, all at the press of a button. With the SiriusXM Platinum Plan, you get every channel available on your SiriusXM Radio,⁹ and you can also listen wherever you go on your portable devices with the SiriusXM App, which is included with your trial. Available. Drive worry-free with a premium suite of safety and convenience services that can be accessed in-vehicle or through the Ram App. Available. Display some of your favorite iPhone® apps right on your Uconnect touchscreen with available Apple CarPlay^{®10} support for your iPhone. Download the Ram App and access it directly on your Apple Watch.

A BOLD LOOK FOR EVERY PERSONALITY

TRADESMAN®

CAPABILITY THAT DOESN'T QUIT

You go all in and so will your Ram 1500 Classic Tradesman. The Ram 1500 Classic Tradesman boasts as standard the robust 3.6L Pentastar® V6, no-nonsense 17-inch wheels, the ParkView® Rear Back-Up Camera¹ and easy-to-clean vinyl seating. Opt for available features like the 5.7L HEMI® V8 and the Electronics Group which includes Dual-Zone Automatic Temperature Control, 7-inch Driver Information Display and Uconnect® 5 radio with 8.4-inch touchscreen, and you've just customized your pickup.

EXPRESS

WORK HARD, PLAY HARD

The Ram 1500 Classic Express sports an alluring appearance and robust capability. This trim showcases a full body-color front fascia, rear bumper and grille, fog lamps and 17-inch aluminum wheels—powered by the 3.6L Pentastar V6 or optional 5.7L HEMI V8 engine mated to the standard TorqueFlite® 8-speed automatic transmission. For an even bolder look, opt for the available Black Accent Package that includes Black bezel headlamps, 20-inch Semi-Gloss Black-painted aluminum wheels and OWL tires (requires Express Value Package).

WARLOCK

FALL UNDER ITS SPELL

With either a standard 3.6L Pentastar V6 or optional 5.7L HEMI V8 engine and the proven TorqueFlite 8-speed automatic transmission, Ram 1500 Classic Warlock puts it all together in style. Inside, count on a crew-friendly front cloth bench seat, while exterior touches include Black powder-coated bumpers, bifunctional halogen projector headlamps, rear heavy-duty shock absorbers and available Sport Performance Hood, all riding on the confidence of 20-inch Semi-Gloss Black-painted aluminum wheels.

Notes regarding the charts above: numbers in **Black boxes** reflect max ratings. Payload and Max Trailer Weights are estimated values. All weights are shown in lb unless otherwise stated. Payload and Max Trailer Weight values are rounded to the nearest 10 lb. Payload = GVWR - Base Weight. Trailer Weight Rating and Tow Vehicle Trailering Weight are calculated as specified in SAE J2807. Payload and Trailer Weight Rating are mutually exclusive. GAWRs, GVWRs and GCWRs should never be exceeded. The recommended tongue weight for a conventional hitch is 10 percent of the gross trailer weight. The maximum tongue weight for Class IV hitch receiver is limited to 1,100 lb. Weight-distributing hitch is recommended for trailers over 5,000 lb.
