## DRIVER FOCUSED, PERFORMANCE INSPIRED

The Durango interior is everything it should be—designed to be driver-centric, tech-friendly and spacious enough for up to seven passengers plus cargo. The standard Uconnect® 5 system helps keep you informed and entertained. The large, full-color, 10.1-inch touchscreen integrates with your smartphone. Upload, download, post and search, all while on the go. The 4G LTE Wi-Fi Hotspot<sup>2</sup> is included on models equipped with Uconnect 5 and boasts fast processing speeds that help keep up to eight devices connected.

With configurable seating and ample cargo space, there's room for everyone and everything. On two-row models, the standard 60/40 split-folding second-row, reclining bench seat allows for up to five passengers. On three-row models, the standard 50/50 split-folding third-row seat provides room for seven. For six-passenger seating, the available, Fold-and-Tumble, second-row Captain's Chairs include soft-touch armrests and a floor-mounted mini console with cup holders.
